

SWIFTSPACE

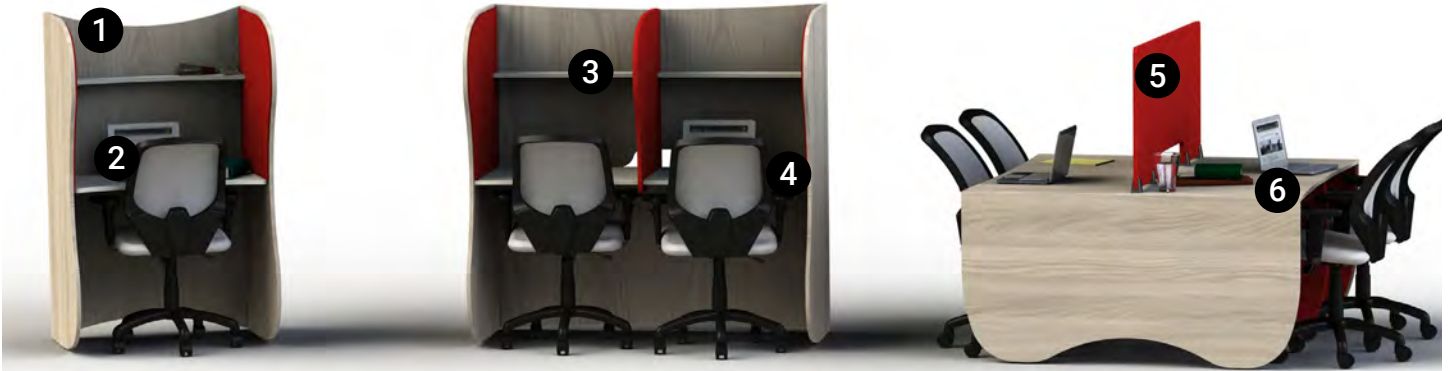

Adapt quickly to your changing workspace.™

Flip

The Flip is an all in one mobile system that transitions from private to collaborative in seconds. No parts, pieces or tool needed to install.

Features and Benefits

1. Wall Height

Standard height is 52"

2. Power and Data

a detachable power bar with six electrical outlets and four USB ports is available. The power bar can be plugged into any regular outlet to give 15 amps of power and is accessible in both upright and table positions. Two power bars are required for 60" width. Wireless on-surface power can also be added.

3. Shelf

Standard depth is 5". Standard width is 24", 30", 48", or 60". Can be customized to any width between 24" and 60". An under-shelf LED light can be added.

4. Worksurface

in upright or private position

Standard depth is 24"
Standard height is 29"
Standard widths are 24", 30", 48", or 60". Can be customized to any width between 24" and 60". Surface can be any Swiftspace standard laminate, also available in whiteboard or chalkboard finish.

5. Acoustical Communication and Privacy

Sound-dampening material can be added to the inside of the side or back upper panels. Sound dampening middle privacy panel can be added to the table position. Inside upper panels can be ordered with a whiteboard or chalkboard finish.

6. Worksurface

in down or collaborative position

Standard depth is 52"
Standard widths are 24", 30", 48" or 60". Can be customized to any width between 24" and 60".
